Advancing the COMMON GOOD

United Way is working to advance the common good by focusing on education, income and health. These are the building blocks for a good life—a quality education that leads to a stable job, enough income to support a family through retirement, and good health.

Our goal is to create long-lasting changes that prevent problems from happening in the first place.

Our vision for Anytown in the next ten years is bold:

- Insert local Community Impact Goal
- Insert local Community Impact Goal
- Insert local Community Impact Goal

We invite you to be part of the change. Together, united, we can inspire hope and create opportunities for a better tomorrow. That's what it means to **LIVE UNITED**.

How I LIVE UNITED

MY name is Evelyn. I'm a tax attorney, who happens to love her job. I've always been good at math and organizing things.

Today in our community, too many people are walking a financial tightrope—barely getting by, with no ability to save for college, a home, or retirement.

That's why I help hard-working families with their taxes. I make sure they take advantage of the earned-income tax credit.

When they come out ahead, I like to ask them what they're going to do with their refund. It usually goes towards bills or debt, but one time a mom said she was going to use some of her refund to throw a birthday party for her son—she had never been able to do that before.

I can't tell you how that made me feel. I know that by helping people in my community, I'm making it a better place to live...and that's good for everybody.

Sharing my talents, that's "how I LIVE UNITED."
