

United Way of Wayne County seeks -Resource Development Director

United Way of Wayne County, NC a volunteer led, community non-profit that seeks to address the root cause of key issues in our community. We are accountable for stewardship of resources as well as short-term and long-term results. We meet our mission by uniting people and resources together with a focus to improve lives in our community.

The Resource Development Director helps manage, organize and implement the overall planning/implementation of the annual campaign for the United Way of Wayne County. This position also provides event management and, with the support of staff, manages the overall organizational marketing and communications; to ensure we meet our mission of uniting people and resources to build a stronger community.

Candidate must be self-motivated with strong communication skills, innovative and strategic thinking required. Goal oriented and organizational leadership skills required. Skills in Word, Excel, financial accountability and web based database management.

Bachelor's Degree or its equivalent is preferred. Three-five year's professional work experience required, with two or more year's previous experience in a fundraising, development, communication and/or public relations capacity preferred

Salary is subject to experience and qualifications.
